

High Ridge Family Practice, LLC

HRFP Patient payment Options

- HRFP Physicians recognizes the changes occurring in our economy as well as in Healthcare
- HRFP accepts most insurance plans except for Dual Eligible Medicare+Medicaid, Medicaid and State of CT Husky and Charter Oaks plans
- The following service lines provide our patients with Insurance as well as those patients without Insurance, with Health Savings Accounts (HSAs) or with High Deductible Insurance Plans alternatives for their Medical Care at High Ridge Family Practice
- HRFP patients may certainly continue with their present Health Insurance, Medicare and Medicare Advantage Plans – we will seek to keep all our patients informed of any changes and potential changes in the future

High Ridge Family Practice, LLC

HRFP

- WebView is a **requirement** for all patients of HRFP. This enables access to detailed and accurate personal medical records in a secure fashion, no matter where the patient may be as long as there is Internet Access.
- The fees for this are **Seven Cents per Day** which is **\$ 25 / year per patient, or \$ 50 / year per family of four.**
- WebView is a patient healthcare portal that has a Technology Access Non-Covered Service Fee (TANCS), that is a requirement for all patients of HRFP (as long as they have Internet Access, have an E-mail address). With WebView and Messaging within the patient's personal, secure medical record being the preferred method of Internet communications between the patient and the physicians and staff of HRFP.

High Ridge Family Practice, LLC

HRFP

- Other TANCS and Service Lines available at HRFP
- The following options are meant to assist patients in selecting cost effective methods of obtaining and/or continuing Healthcare at HRFP in these difficult economic times
- These additional service lines have been put together to be reasonably priced, but still allow HRFP the ability to remain financially stable in order to continue to provide the Highest Quality Medical Care for our present and future patients as well as remain a Patient Centered Medical Home (PCMH)
- Fewer and fewer Primary Care Medical Practices will remain in the future, and in the not too distant future there looms a serious Primary Care Physician (Family Physicians, Internists, Pediatricians) shortages.
- We are seeking to help HRFP survive for you, our patients and your families!

High Ridge Family Practice, LLC

HRFP

- 5 Additional Service Lines available in addition to routine Insurance and Cash at time of service. Each of these will be billed Monthly or can be paid once Annually as single fee. All Service Lines will have Medical Care Office Visit services still billed to Medicare and Insurance (except for Time Based Care options).
